

About the Route

- Productivity ranks 5 of 7 in passengers per revenue hour
- Large one-way loop is only direct in one direction for riders
- Service is infrequent, operating every 2 hours

Public Comments

- The loop makes travel circuitous. Travel times are short in one direction and long in the other.
- Desire to preserve fixed route bus service in Waterford and Hughson

Opportunities

- Coordinate with a human services provider to provide transportation to towns and villages with small populations
- Restructure service to eliminate the large one-way loop
